## Junior Civil Engineer

Seeking a Civil Engineer with 0-2 years of experience in civil/site land development and municipal infrastructure projects with the ability to perform various project tasks and make a meaningful contribution to our multi-disciplinary team of Engineers and Planners.

### Primary Duties and Responsibilities:

Preparing design plans, supportive calculations and reports for private and public engineering projects such as stormwater facilities, streets, storm drains, sewer, water works and other similar projects.

### Education/Experience:

- Education – Bachelor of Science in Civil Engineering, EIT required
- Experience – 0 to 2 years of Civil Design experience
- Experience with AutoCAD
- Civil 3D experience is a plus
- Experience with GIS and drainage and pipe modeling software a plus
